Open Letter of Reference for Barb Prebble

Barb Prebble and I met through a Professional Multimedia Association over fifteen years ago. Throughout those years she has consistently demonstrated to me a dedication to doing good work both on her own and in teams.

Through our professional associations I have seen her creativity at work. Most importantly though I have seen an uncommon commitment to "stay the course" and see a job to it's completion.

Barb has also demonstrated a commitment to her community. She has the willingness to take a positive and proactive role in the effort to improve our neighborhoods.

Without reservation I recommend Barb Prebble to your organization. I believe you would be making a wise decision in adding her to your team.

Sincerely,

Bob Picariello
Intergovernmental Affairs Coordinator
Hartsfield Atlanta International Airport
